WILSON TELLS WHY ONLY NECESSARY TO TREAT THE STOMACH, SAYS C THE STOMACH, SAYS COOPER

The new theory advanced by L. T. Cooper relative to the human stomachhas attracted such widespread attention that the public in cities visited by the young man has been joined by many physicians in a discussion of his beliefs and medicines.

Mr. Cooper says that human health is dependent almost entirely upon the stomach. He says that no disease can be conquered without first alleviating all stomach disorders. He further says that most men and women of his generation are half-sick, owing to degenerate stomachs. And lastly, he claims that his New Discovery medicine will rejuvenate the human stomach in 90 days.

In discussing further the lure from the farm to the cities, the secretary continued:

continued:

"It is up to you, gentlemen of the Manufacturers' Club, to look into these things. Go down to the foundation and inquire. If you find my statement to be correct that the people are leaving the farms to such an extent that there are not enough left to produce the food of our growing population, take steps to have the young farmer sught regarding his life work.

"You should be giving instruction to 10,000 young men and women along these lines. In the winter time they might be getting theoretical knowledge and be introduced to applied science. In the summer time they should go into the fields.

"Get a farm big enough to educate the people who are to grow your food in the future if you are to have food in the future that can be sold to the peo-

Constitutionality of Measure Sustained in Circuit Court.

Toledo, O., January 28.—Judge R. W. Tayler, in United States Circuit Courts to-day sustained the constitutionality of the Federal corporation tax law, in a formal order dismissing the suit of a stockholder against the American Multigraph Company, of Cleveland. He sustained the company's demurrer.

This will allow the case to be taken at once to the Supreme Court for decision. Judge Tayler dispensed with a hearing for the reason that a similar action has been carried to the Supreme Court from Vermont.

The order was made in the case of the New Orleans Board of Trade against the Louisville and Nashville, and others, reducing the class freight rates from New Orleans to Mobile and Pensacola. The order was made effective on February 1, but, in the peculiar circumstances of the case, the commission extended the effective date of the order to March 1, in order to enable the railroads to make their application for an injunction to the full bench of the United States Circuit Court.
